## National Audit of Small Bowel Obstruction

### Week 10 Collaborator Newsletter (Data entry period)

#### Sites with most cases entered

All change at the top again as the Margate team upload their remaining cases!

Teams have until 30<sup>th</sup> April to finish uploading data – there's still an opportunity to break into the top ten. Only complete 30-day follow-up data can be included!

More than 1 440 cases have been entered – can we make 2 000?

#### Top Tip For Data Entry

Please check for a 'best fit' description for operations from the drop-down box in REDCap, rather than choosing 'other'. This will help us with the analysis.
