## National Audit of Small Bowel Obstruction

### Week 6 Collaborator Newsletter

#### Sites with most cases entered

The team at Barnet Hospital remain on top of the leaderboard – will they have a challenger next week? Well done to Salisbury & Blackpool for breaking into the top 10.

There is still plenty of time to enter cases and get on the leaderboard - don't forget to include all patients with SBO.

If sites input 2 cases/week we will exceed 2000 patients!

#### Thank you to all sites who entered data this week:

Aberdeen Royal Infirmary, Barnet Hospital, Blackpool Victoria, Royal Bolton Hospital, Bradford Royal Infirmary, University Hospital of Wales Cardiff, Cheltenham General Hospital, Colchester Hospital, Cumberland Infirmary, Derby Royal Hospital, Doncaster Royal Infirmary, Furness General Hospital, Good Hope Hospital, Ipswich Hospital, Kingsmill Hospital, Leicester Royal Infirmary, Lincoln Hospital, Macclesfield District Hospital, Medway Maritime, Milton Keynes University Hospital, Morrilton Hospital, Swansea, Nottingham University Hospitals, Oxford University Hospitals, QE Birmingham, QE Woolwich, Romford, Royal Devon and Exeter Hospital, Royal Free London, Royal Glamorgan Hospital, Salford Royal, Salisbury District Hospital, Scarborough General Hospital, St Leonard's East Sussex, St Peter's Ashford, Stoke Mandeville, Great Western Hospital Swindon, Walsall Manor Hospital, Royal Wolverhampton Hospital, Worthing Hospital, Yeovil Hospital, York Hospital
