National Audit of Small Bowel Obstruction

Week 7 Collaborator Newsletter

Sites with most cases entered

The team at Barnet Hospital remain on top of the leaderboard – will they have a challenger next week? Well done to Bradford, Cheltenham, Aberdeen & Medway for breaking into the top 10.

There is still plenty of time to enter cases and get on the leaderboard - don't forget to include all patients with SBO.

If sites enter 2 cases/week we will exceed 2000 patients!

Sites with most entries by nation:

Nation	Site
